GROVE RIVER RANCH, LLC

RULES for EQUESTRIAN GUESTS

Current negative coggins must be checked upon arrival. No reservation refunds for inability to provide verification. Strangles vaccine, West Nile, and other vaccinations recommended to be current.

DRIVEWAY SPEED LIMIT IS 10 MPH. Please watch for farm equipment operators, employee traffic, horses being turned out, and other driveway activity. Be mindful of visitors touring the ranch on foot, most of whom will be children. The horse trails cross the driveway in two or three places.

ALL damages and liability for accidents or injury to participants, animals, automobiles and trailers, either while on, coming from, or exiting, the premises, is the responsibility of visitors and guest, not Grove River Ranch, LLC.

The Stables are in the building on the right. If you have stalls reserved, pull halfway down the left side of the stables to unload at the 8' roll-up door. All hay unloaded from your truck/trailer must be contained in a bag and may be left in front of your stall. Please clean up any hay/shavings/manure that may fall out of your trailer (no cleaning out trailer in campsite). Place manure in designated containers only, the manure pit is located at the edge of the woods behind the stables, next to a blue trail entrance.

When finished unloading, pull straight ahead to the campground, or continue around the stables in a clockwise direction to park on the left side of the wide gravel area in front of the barn. There will be plenty of room for another trailer to pull around you on the right. Please do not park on the grass or on the asphalt, only in designated areas to avoid blocking driveways – it is a fire hazard to block any barn exits. *Do not drive or park on the grass please!* Keep horses off the Bermuda sod.

Please take your horse in and out of the stables using the side or rear roll-up doors. Do not ride or graze horses on the Bermuda sod, feel free to hand graze in the fescue areas.

In the best interest of safety for everyone, the equestrian center area is not to be used for any recreational activity other than horses - NO rollerblading, ball playing, etc. Any visiting children under the age of 16 who are not participating in a lesson must be accompanied by an adult at all times.

NO SMOKING in any of the buildings on the ranch. While smoking outside, please do not throw cigarette butts on the ground. Please protect the scenic value of the ranch by not littering.

BEFORE you ride or turn horses out in the indoor arena or indoor round pen, no matter how little movement you expect, it must be **WATERED DOWN FIRST!** A member of staff or management will be available to help with this. Horses may not be left in the indoor arena unattended. The indoor arena may not be used for short-term turnout. Please do not tie horses up to the arena fences or gates.

Visitors needing a brief period of turnout for their horses must ask permission first so the regular boarder turnout schedule is not disrupted and equine conflicts can be avoided.

All arenas and round pen are available at all times on a first-come basis (unless lessons, a clinic or event is in progress). If you wish to leave your whip, tack, mounting block or other personal property at the arena, please hang it up, do not leave it in the sand.

Because of strong well water pressure, please keep water hoses turned off, and wind hoses back up on their holders.

Do not ride or walk horses on the asphalt driveways unless where absolutely necessary. Do not ride on the grass sod areas. When riding the property, please stay on designated marked trails and gravel/dirt roads, and follow other specified trail rules posted with trail map.

Guests are responsible for cleaning up after themselves ASAP. If you spill anything or your horse urinates in the stables, hose it off immediately. Droppings in the wash rack and grooming areas are to be cleaned up at the time they are made, not after you finish riding. Do not leave piles in the driveway or parking areas. There is a wheelbarrow and poop scoop in the stables that you are welcome to use. Your cleanliness will not only reduce bacteria, flies, and odor, but demonstrates your consideration for others who use the facility.

If your horse is muddy, please hose it outside – no mud allowed in the wash racks. After using the wash rack, please rinse it and dump any contents of the drain basket in the trash (use a hoof pick to lift the drain cover and basket).

When you pass through a door or gate, leave it as you found it (unlocked, locked, open or closed). Please keep all doors closed, remember to turn off water and lights. Keep climate-controlled tack room and bathroom doors closed (tack rooms should be locked).

We prefer that visitors do not bring pets to the ranch. However, any pets belonging to visitors, patrons, boarders, their guests, family, and employees must be contained on a study leash not to exceed 10 feet in length, in a crate, or within a vehicle during the entire visit to Grove River Ranch. Absolutely no pets inside the river cabin or bunk house! Visitors are responsible for properly disposing of pet waste and repairing any damages made by pets.

Horses that chew/crib must wear muzzles or straps while not being ridden. Destructive or dangerous horses will be asked to be removed without refund. Stallions are permitted on trails, but must be kept in a stall when not being ridden.

Do not tie your horse up to any of the ranch structures, water spigots, or fencing, including the indoor arena irrigation heads, and outdoor arena fences. In the stables, tie up to the steel beams only, not to stall fronts, blanket bars, halter hooks, etc. Tying horses to trailers parked in the gravel is permissible EXCEPT IN THE CAMPGROUND.

Campground and cabin facilities are provided for the exclusive use of the guests registered to those areas. DO NOT TIE UP OR HIGH LINE HORSES AT THE CABIN PLEASE.

If you break something or observe something in need of repair, please tell the management.

Because of strong well water pressure, please keep water hoses turned off, and wind hoses back up on their holders.

Please do not feed any horse that does not belong to you.

Please keep your tack and other personal property locked up. Manager is not responsible for lost or stolen items. Do not borrow anyone else's horse, tack, or personal property without their PRIOR approval.

NO ALCOHOLIC BEVERAGES in the equestrian center area (stables and indoor and outdoor arenas). Please respect the ranch as a place of business and protect the family atmosphere. Any substance abusers will be escorted from the premises without a refund of any fees paid.

No vulgar or obscene language/gestures. Lewd, rowdy, threatening or dangerous behavior will not be tolerated anywhere on the premises. Guests exhibiting objectionable behavior will be asked to leave the premises with no refunds of any fees paid.

(Revised 7/25)

TRAIL RULES FOR EQUESTRIANS

When trail conditions are very wet, trails will be closed for resource protection and for the safety of horses and riders.

All riders are strongly encouraged to wear a helmet. Minimum rider age is 7 years old, previous trail riding experience required.

The trail terrain is sometimes mountainous, a breast collar for your horse is recommended.

When riding the property, stay on designated marked trails, gravel or dirt roads. Do not shortcut switchbacks. Getting off the trail greatly increases your chances of stepping in a hole, encountering dangerous terrain, stirring up a yellow jacket nest, or getting lost.

Stay on the ranch trails, do not trespass onto adjoining private property.

Comply with all signs and respect barriers.

Cross the river/creeks and water your horse only at designated crossings.

Loose dogs strictly prohibited on trails as well as all other areas of the ranch.

During hunting seasons, it is recommended that riders wear bright orange vests and/or a cow bell.

No racing or rough riding on trails or in camp, no riding double, and no ponying on trails.

No unauthorized ATV's or motorcycles in camp or on the trails.

Take high lines or cross tying lead lines to use in the forest rather than tying up horses directly to trees. Do not tie up horses within 25 feet of the creek or any picnic tables.

Protect the scenic value of the trails by not littering. Whatever you pack out on the trail or to picnic areas, be sure to pack out again.

Please do not feed the swamp creature.

TRAIL ETIQUETTE FOR EQUESTRIANS

Avoid riding alone. If you must do so, tell someone where you plan to go and when you plan to return.

Always have a "trail boss". Larger groups should also have a drag rider. These should be experienced horse people who can assist less experienced riders and horses, if necessary.

If your horse kicks, you need to tie a red ribbon in the tail.

Never start riding until all riders are mounted up and ready to go.

Maintain a safe distance between riders, at least one horse length between horses. Do not run up behind a horse on the trail.

On the trail, never pass the trail boss unless requested to do so.

Don't leave a dismounted rider on the trail unless they ask you to.

Downhill traffic yields to uphill traffic.

When coming up behind other riders, slow to a walk and alert them your approach so that he/she can correctly handle his/her horse as you come up, or advise you if he/she is having any problems. Pass only at a walk, ride single file, pass left.

When approaching others head on, pass only at a walk, ride single file, keep right. Space permitting, one group may pull aside and stop. When going around blind corners make your presence known.

Never trot or gallop away from the group without warning. Coordinate "fast" work with other riders so no one's horse gets excited and tries to keep up with the group before the rider is ready.

Organize a game plan before hitting the trail in case you stir up a bee's nest.

Don't take unsafe or untrained horses on a group ride (3 or more). These horses should be conditioned with experienced horses and riders before being subjected to a larger group.

If you or your horse is having trouble, allow more space in front and behind. If necessary ask the trail boss to stop the group to allow you to work out the problem.

At a stream, stay together and wait until all horses have had a chance to drink before riding away. Some horses have trouble crossing streams. Give them space!

(Trail Etiquette Continued)

Use the "buddy system". Always be willing to lend a hand if needed, and ask for help if you need it.

Smoking while riding can be dangerous. Pick a fire-safe rest stop to have a cigarette. Do not throw butts on the ground – pack them out with you.

If you stop on the trail, tie your horses to high lines provided or cross tie with your lead lines. Tie high, solid and short enough with a slip knot to prevent entanglement, and provide sufficient space between horses so they can't go "butt to butt" and kick each other.

Don't let your horse scratch on or nuzzle other horses or riders. Aside from being annoying and starting horse disputes, this is a frequent cause of "hang up" and broken headgear.

No alcohol on the trails.

We recommend you pack a cell phone on your person (not attached to your horse), trail map with phone numbers, bottles of water, a first aid kit, snacks, halter and lead line (and a camera!)

If you see a tree down on the trail, a bee's nest, or other maintenance needed, please make a note of the trail name or junction letter and pass this information on to the management.

Enjoy your ride!
